

Juklak Ahass System (Master PIT)

Corporate Information Systems & Technology

Halaman Master Data PIT

The screenshot shows a web interface for Master Data PIT. At the top left is a 'Pencarian PIT' (Search PIT) section, which is highlighted with a red rectangle. It contains two input fields: 'Kode' (Code) with the placeholder 'Masukan Kode' and 'Tipe' (Type) with the placeholder 'Masukan Tipe'. Below these fields are two buttons: 'SUBMIT' and 'RESET'. Below the search section is a 'List Data' section. It contains a table with the following data:

Kode PIT	Tipe PIT	Status	Action
PIT01	BUFFER	Aktif	

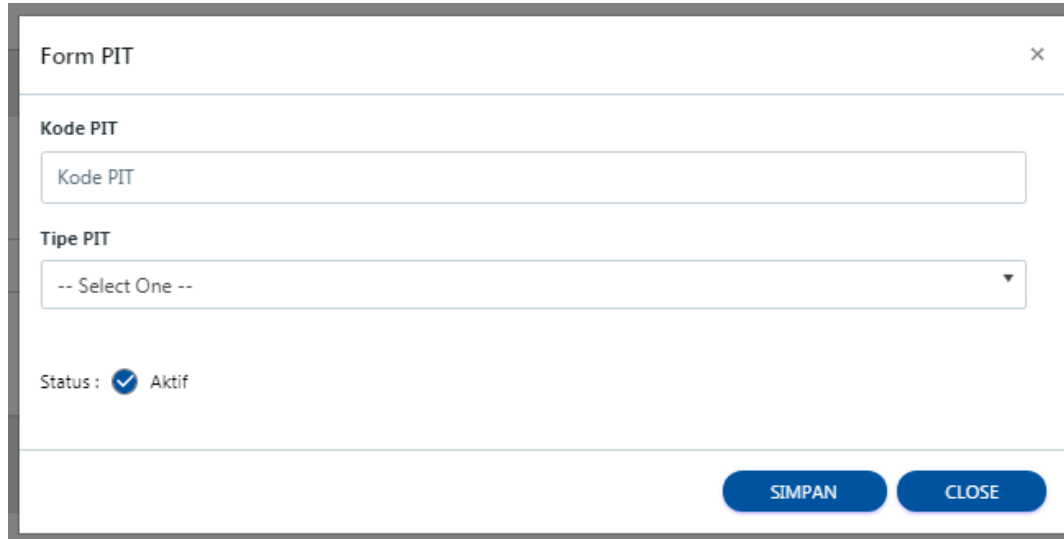

Annotations with arrows point to specific features: an arrow points from the 'Pencarian PIT' section to the first text box; another arrow points from the 'Update Data PIT' text box to a yellow pencil icon in the 'Action' column of the table; a third arrow points from the 'Create Data PIT' text box to a blue plus icon in the 'Action' column of the table.

Pada Halaman Master Data PIT terdapat Fitur **Pencarian Data PIT**. Untuk melakukan Pencarian Data bisa berdasarkan Kode PIT atau Tipe PIT.

Pada Halaman Master Data Sparepart terdapat Fitur **Update Data PIT**.

Untuk Create atau Menambahkan PIT Baru, Klik tombol + , lalu system akan menampilkan POP UP Create PIT.

Create/Tambah Sparepart

Form PIT
